DETAILED ACTION

Election/Restrictions

The reply filed on 2/10/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not elect a single disclosed species. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Specifically, in the response filed 2/10/03 Applicant elected "the species comprising nitrides, to which claims 11-13 are directed." However, this is not a single disclosed species, but is instead three patentably distinct species (i.e. the election includes the gallium nitride embodiment of the present invention, the silicon nitride embodiment, and the aluminum nitride embodiment). As set forth in the restriction requirement, each of claims 7-15 is directed to a patentably distinct species, and election of a single species comprising one of the specified oxides, nitrides or carbides is required. For example, Applicant may elect one of the nitrides, such as the protection layer for a data recording medium comprising gallium nitride (i.e. claim 11), the protection layer for a data recording medium comprising silicon nitride (i.e. claim 12), or the protection layer for a data recording medium comprising aluminum nitride (i.e. claim 13). As amended, new claim 16 is generic.
